Army Board Adjourns Till Improvements Are Made in Rifle.

WORK BEING DONE HERE

Captains of Field Batteries Ordered to Rock Island Arsenal For Instructions.

Col. S. E. Blunt, commandant at Rock Island arsenal, and Capt. John T. Thompson, in charge of the small arms plant at the arsenal, have returned from Fort Leavenworth, where they served as members of the board which is testing the new Springfield rifle. The board has not completed its work, but has been adjourned by Col. Blunt, the ranking officer, until some changes can be made in the rifle, and when there are made the board will be reconvened on the order of Col. Blunt. The changes are some which are required for the experiments, and in order that the recommendations of the board may be more complete. The improvements are being made at the small arms plant at the Rock Island arsenal, it being the most conveniently located plant equipped for such work. It will be some time before the board makes its report.

New Three-Inch Gun.

All of the commanders of light batteries, which have charge of the field guns on the battlefield, have been ordered to Rock Island arsenal for instructions, and 15 of these officers reported here today. The purpose of calling the officers to Rock Island arsenal is to give them instructions in the manufacture and use of the new 3-inch rapid fire field gun, which has been manufactured at the arsenal for two years, and will be issued to the

BOILS AND ERUPTIONS

Have been suffering from Impure Blood for many years, having Boils and Eruptions. Having heard of S. S. S., I decided to try it, and am glad to say that it has done me a great deal of good. I intend to continue to use it, as I believe it to be the best Blood Medicine on the market. Cleveland, Tenn. W. K. DETERS.

For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared and I have not been troubled any since. G. G. C. FERRIS, 114 W. Jefferson St., Louisville, Ky.

Newark, Ohio, May 23, 1905. From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty in number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine needed in my case. It drove out all impurities and bad blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease. Mrs. J. D. AHERTON.

artillery this summer. The gun has a hydraulic recoil system, and it is something of a nice mechanical problem to get it set up properly. The officers will watch the manufacture of the gun's equipment, which is done at the arsenal, will see it put together and will also be present at the proof firing of the guns. Thirteen of the officers have been ordered to report today, and in June another company of 11 officers will report for instruction. The gun is made at Watervliet arsenal, N. Y., but the equipment and carriages are made at Rock Island arsenal.

The Theatre.

"A Trip to Egypt" was presented to a fair sized and appreciative audience at the Illinois last evening.

Tonight the season of summer popular vaudeville will begin with a list of star attractions.

Man's Unreasonableness

is often as great as a woman's. But Thomas S. Austin, manager of the Republican, of Leavenworth, Ind., was not unreasonable when he refused to allow the doctor to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Hartz & Ulmeyer, druggists; price 50 cents.

Rheumatism Cured in 24 Hours.

T. J. Blackmore, of Haller & Blackmore, Pittsburgh, Pa., says: "A short time since I procured a bottle of Myrtle Cure. It got me out of the house in 24 hours. I took to my bed with rheumatism nine months ago and the Myrtle Cure is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the Myrtle Cure to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by Otto Grotjan, 1501 Second avenue, Rock Island; Gust Schlegel & Son, 220 West Second street, Davenport.

TWO BOY BANDITS

Steal Horse and Rig From Taylor Ridge and Drive to Clinton.

CAPTURED AT CHARLOTTE, IA.

Officers Close on Their Trail—Outfit Property of L. D. and H. G. Chambers.

L. D. Chambers living five miles southwest of Milan in Black Hawk township is out a rig and harness and his brother H. G. Chambers, Jr., is minus a good driving horse, the outfit having been stolen at Taylor Ridge last evening. Two boys, strangers and between 14 and 16 years of age, are believed to have been the thieves.

This afternoon a message received by Sheriff Heider stated that two boys had been captured with the rig at Charlotte, Iowa, the marshal making the arrest. The names of the boys were not given. Charlotte is 22 miles northwest of Clinton making the total distance that was driven about 85 miles, possibly running the horse. Sheriff Heider, accompanied by L. D. Chambers left this afternoon to identify the outfit and bring the prisoners back to Rock Island.

Taken From Hitching Post.

The horse and rig was driven to Taylor Ridge last evening by Bernard Chambers. When he was ready to return home about 9 o'clock he found I had disappeared from the hitching post in front of a church, where he had left it. A hasty investigation discovered that two boys who had drifted into the place yesterday were also gone. The telephone was employed and Sheriff Heider and police of the three cities and authorities at all surrounding towns were notified. Sheriff Heider today received word from Clinton that a rig answering the description of the one stolen crossed the Mississippi bridge at that place about 5 o'clock this morning. At 10 o'clock the rig had been traced to DeWitt.

Bold Thieves at Work.

The theft is one of the boldest that has taken place hereabout for some time. The actions of the supposed thieves yesterday were such as might have led to suspicion that they were bent on some sort of adventure but owing to their age they were not looked upon as dangerous. They were seen to inspect the bank and were overheard saying that it would not be hard to get into the building. They even inquired if there were any officers out that way and wondered what would be done if anyone "started something." They were assured that the woods were full of deputy sheriffs waiting to grab offenders but that apparently did not deter them from carrying out their program.

There is evidence to show that the pair came to Rock Island and that they went on east. Whether they came through the city is not known. From their talk yesterday it was gathered that they were familiar with the western part of Whiteside county.

Horse Good Traveler.

The animal they took is a brown mare and a good roadster, capable of taking them many miles before daylight this morning. The rig was a top buggy. One of the boys is light complexioned and the other dark with prominent freckles.

There is a standing reward by the county of \$50 for the capture and conviction of horse thieves and in addition the owners of the outfit will pay liberally for the return of the property.

CAN NOW EAT ANY KIND OF FOOD.

Dr. Richards Dyspepsia Tablets have done a great thing for me. I was in bad shape when I began taking them in August last, but now I can eat anything that is eatable and no distress follows. Moreover, I have an excellent appetite, and am gaining flesh and strength.

I cheerfully recommend Dr. Richards Dyspepsia Tablets to any one afflicted as I was, and shall always have a good word to say about your grand medicine. Are you one of those unfortunates who eat by rule?

How would a nice, thick, juicy beef-steak taste?

If you could digest it, what good, rich blood it would make.

You can't possibly be well and strong on a limited diet.

You can't cure indigestion by humoring your stomach.

You exercise your horse to keep him well.

Give your stomach something to do and it will not get lazy.

Don't Diet.

The sensible way to cure indigestion is Dr. Richards way.

Throw away your diet list.

Eat whatever you want in the way of plain food—and take
